Communication Report—

Treasures Report—Tom reported safe kids are very active. He also handed out a copy of the current account balances.

Committee Reports

Education—Vicky introduced Dianna Glenn, she is the Dean in charge of the EMS program. Vicky reported that things are going very well, clinical are being scheduled now. Tom Wright is coming back to schedule the clinicals. Vicky will post a sign up calendar for instructors to teach lab, hopefully will better accommodate shift workers. Students will be required to complete 4 clinical rotations prior to starting their field internships.

Protocols—Dave presented a question to the group about the use of fentanyl. It will replace MS in most pain management protocols. Sisters is going to demo the c-spine protocol. Looking at a September rollout date for the new protocols.

MCI/MPS—Dan handed out all of the triage tags that were given to him for demo. After extensive review the group democratically voted and passed to use the CBRN Auto-Injector style tag. Dan will get with Marty and check pricing.

Old Business

1. **Bluetooth**—New Door to balloon task force @ the hospital. Looking at time of onset to balloon as a new standard. Trying to find cooling blankets that are compatible with prehospital as well as hospital.
2. **Convalescent Transfers**—Shawn reviewed the 33 run card with everyone. It was well received.

New Business

1. **Oregon LZ**—Bill gave a presentation to the group on the new LZ website sponsored by Airlife. It is www.oregonlz.com. (Linked on the ECEMS website) The website will allow agency users to submit LZ's that are frequently used for other air medical resources to view.
2. **SAR**—Bend had a recent meeting with DCSO SAR. It went very well and issues were handled.
3. **OSFM**—Tom reported he has began working on HIPPA issues with the civilian casualty forms. More to update later.
4. **Joint Reduction Protocol**—Dusty is working with Dr. Marcinek
5. **EMS Online**—Anne gave a presentation to the group on a new program that Bend is using. It is designed to have individual users do self study for CEU's.
6. **Auto Launch Criteria**—Dave asked a question to the group about the head injury criteria. As it stands now, agencies are being recommended to launch on ALF falls. Group agreed to change.
